

Welcome to Michael Cortright

And congratulations on his recent graduation from Northern Michigan University and for purchasing the North Country Cycle Sports Shop here in Boyne City. We are all very proud of your accomplishments and looking forward to having your services to support our cycling habits.

I hope everyone saw the article in the May 26th Graphic that focuses on Mike and cycling here in Boyne City. Great way to start into your business life!

Mike has made a promise to our cycling community: "Repairs within 24 hours by our meticulous technical staff who will service your bike as if it were their very own". He takes over the shop after a ten years of apprenticeship.

Let's all get behind Mike and help him make NCCS the best bike shop in Northern Michigan. While we make Boyne City the Cycling Center of Northern Michigan.

Ribbon cuttings welcome Bakery and cycle shop

City, Chamber and Main Street officials, plus many family members and well-wishers, turned out for ribbon cuttings Thursday at Boyne City Bakery (above), 110 S. Lake St., and North Country Cycle Sport (below), 126 Water St., The bakery opened earlier this spring and the bike shop has a new owner, Mike Cortright, who bought the business this year after working there for a number of years.
